LIGHT DUTY WARNING WHIP

PRODUCT INFORMATION BROCHURE

PICTURED: LIGHT DUTY WHIP IN USE

CHECKERS™ WARNING WHIPS are designed to increase the visibility of utility vehicles and small trucks on mine sites. Without a whip for extra visibility, haul truck operators can have difficulty seeing these smaller vehicles, potentially leading to accidents. To protect employees, vehicles and equipment, choose a Monster Warning Whip.

- **CHECKERS™ Warning Whips are manufactured in the USA, in Broomfield, Colorado**
- **Utilized in mine sites around the world**
- **Protect employees, vehicles, and equipment by attaching a whip for increased visibility**
- **Our whips feature a fiberglass resin construction, designed to withstand harsh environments**
- **With a length of 7 ft., our whips ensure visibility**
- **We offer extensive lighting options, with a variety of flash pattern options**
- **Long lasting LEDs reduce replacement costs**
- **A variety of mounting options for all types and sizes of vehicles**
- **Fully customizable, with differing options in whip length, flag size, and flag color.**

CHECKERS™ LIGHT DUTY WARNING WHIPS

include a non-lighted, 7-foot flexible fiberglass whip with an orange flag and threaded hex base mount. Light duty whips are ideal for recreational equipment, and also make great markers for points of interest or caution.

- Seven whip colors to choose from
- Durable nylon-mesh orange flag
- Includes threaded hex mounting base
