EASY RIDER[®] RUBBER SPEED BUMP

PRODUCT INFORMATION BROCHURE

PICTURED: EASY RIDER SPEED BUMP

Checkers™ Motion Safety is a full service manufacturer of parking lot safety solutions. We design and manufacture traffic control products that help cars navigate and park safely. Our main goal has been to create solutions that protect motorists and pedestrians from the perils of today's parking lots. As such, Monster's products have been designed and developed with speed reduction, driver and pedestrian safety in mind. All of our solutions are manufactured from 100% recycled rubber and plastic. Rubber and plastic speed bumps or parking blocks, for example, are longer lasting, highly visible, and more car-friendly than asphalt or concrete alternatives. Not only are Monster's traffic safety solutions environmentally friendly, they can also be installed for both temporary or permanent use.

- **Rubber speed bumps greatly outlast concrete or asphalt competitors**
- **Rubber speed bumps don't degrade like concrete speed bumps, keeping parking lots aesthetically pleasing**
- **High quality rubber is resistant to weather, salts, and chemicals**
- **Recycled rubber construction is environmentally friendly**
- **Plyable rubber protects vehicles as well as curbs**
- **Highly reflective colored tape ensures the parking stop will be visible**
- **Easy to install, either on asphalt or concrete surfaces**
- **Can be used for temporary or permanent applications**
- **Great for commercial and residential applications**
- **End Caps available and sold separately**

CHECKERS™ EASY RIDER SPEED BUMPS feature molded highly reflective tape ensures that the speed bumps are visible even on a dark night. Cat's eye reflectors further enhance visibility to alert drivers well in advance. The bumps have a channeled bottom to facilitate drainage as well as to cover cabling or piping. Monster Easy Rider Speed Bumps are the ideal maintenance-free parking lot solution. In addition to enhancing parking lot safety, the bumps can lower insurance premiums for lot owners.

Material: Premium Recycled Rubber

- Made from recycled rubber
- Molded reflective tape
- Easy to install with included hardware
- Molded reflective tape & cat's eye reflectors
- Channeled bottom covers cabling
- End caps are available
- Installs with rebar spikes on asphalt surfaces and lag bolts and shields on concrete surfaces
- Warranty: 3 years on the product and 1 year on the tape (under normal use)

⚠ WARNING: This product can expose you to chemicals including Arsenic, Cobalt, Cadmium, Lead, Chromium, Nickel Compounds, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
