LED WORK LIGHTS

PRODUCT INFORMATION BROCHURE

PICTURED: LUN SIGN IN USE

CHECKERS™ LED WORK LIGHTS are designed to increase visibility on jobsites. These durable lights are lightweight, but built to last. With high efficiency LEDs, our models output up to 3600 lumens. The industrial grade cast aluminum housing is designed to withstand the harsh conditions often seen in the mining, construction and oil & gas industries.

- **CHECKERS™ LED Work Lights are manufactured in the USA, in Mesa, AZ**
- **Utilized on work sites around the world**
- **Features high intensity LEDs for maximum visibility**
- **Heavy duty cast aluminum housing for durability**
- **Three different luminosity options available**
- **Four different lenses for a variety of beam configurations**
- **Long lasting LEDs reduce replacement costs**
- **Intelligent circuitry allows for custom configurations**
- **Several lense colors available**
- **Die cast base for mounting security**
- **Watertight design that meets NEMA 4 standards and improves the life expectancy of the light**
- **Can be programmed for 3 different operation modes: steady on, flashing, or off**

LED WORK LIGHTS contain their own intelligent control circuitry. Multiple light modules can be flashed on a vehicle lighting system without a controller. By applying power to the string of lights, each light will be able to flash in several patterns set by a master light on the string. Light modules can also be connected to an AID™ master controller to make arrow sticks or arrow boards, or other special light control requests.

- Enclosure is NEMA 4 rated
- Includes two 1" 1/4X20 studs with locking flare nut and one 1" 1/2X20 ball screw stud with locking flare nut
- Rotates 360 degrees and tilts 30 degrees forward and back
- 3-Way Operation; Steady On, Flashing, or Off
- NEMA 4 Rated
- Heavy duty industrial die cast base
- 5 available optic output selections: Wide (15° X 27°), Beam (9°), Spread, Combination of Beam and Spread, and Diffused
- Intelligent control circuitry with optional compact user-friendly controllers

⚠ WARNING: This product can expose you to chemicals including Isopropylidenediphenol, Methylene Chloride, Ethanol, Ethylbenzene, Hexane, Lead, Methanol, Nickel Compounds, and Naphthalene, which are known to the State of California to cause cancer and birth defects or other reproductive harm.
